

HLT37415

Certificate III in Pathology Assistance

Introduction

WELCOME to the Certificate III in Pathology Assistance! Do you find the idea of pathology testing and sampling exciting? Are you looking for a rewarding and demanding career in health? Then this course is designed for you! The HLT37415 Certificate III in Pathology Assistance is the starting point to kick start your career in to the exciting world inside a pathology laboratory.

What will I learn?

This qualification will teach you the skills you need as a pathology assistant and/ or specimen reception staff in laboratories. You will learn to develop your communication skills, to work effectively as a member of a health care team, understand and maintain infection control and Work Health & Safety (WHS) Standards. You will work with blood and non-blood samples, receiving, preparing, sorting and separating samples as well as preparing simple solutions within a laboratory environment.

What are the career opportunities?

There are a vast range of employment opportunities and careers in pathology. Some include:

- Specimen Collection Officer
- Pathology Laboratory Assistant
- Laboratory Aide
- Specimen Reception Officer

Is the course face to face or distance?

BOTH! Our courses are delivered through flexible, blended learning. Under the supervision and mentoring of your trainer you will be required to attend face to face classes in a working pathology laboratory as well as the Adept Training college, complete some work at home and demonstrate skills while in the lab.

Cost:

\$6000
