Credit transfer

Adept Training recognises AQF qualifications and statement of attainments by other RTOs. This is known as Mutual Recognition. Other RTOs will also recognise as students Certificates and Statements of Attainment from Adept Training.

An RTO may not train and assess a student in a unit of competency that they have already completed. Therefore it is a requirement that the student allows Adept Training access to their USI Transcript. This may be done by logging on to the USI Portal and following the instructions for granting third party access to USI transcript found in Appendix A at the back of this handbook

A credit transfer is a recognition of a unit or units of competency which have the same unit code and name or are superseded and equivalent to a unit of competency.

To be eligible for credit transfer the student must allow Adept Training access to their USI Transcript or provide an original or certified copy of their transcript which Adept Training will accept when verified by the issuing RTO.

The student must complete Adept Training's Credit Transfer Application form (available on our website or from our office).

Adept Training is required to verify that this is an authentic transcript with the issuing RTO. If a student has received a qualification from TAFE, the student will need to contact TAFE directly to request verification of the authenticity of the transcript which they will need to then provide in writing to Adept Training. Alternatively the student may log in to their USI registry account and give Adept Training permission to view their record of transcript.

A credit transfer request will be; granted, declined or more evidence requested. There are no fees for credit transfer.

Credit Transfer applications must be submitted at the time of enrolment.

Adept Training is not obliged to issue a qualification or statement of attainment that are achieved wholly through recognition of units and/ or modules completed at another RTO or RTOs.

Recognition of prior learning (RPL)

RPL means that skills and knowledge you have achieved through previous training, work or life experience are acknowledged. RPL will be granted only where sufficient evidence is provided of competence for an entire Unit of Competency. Please note that RPL will not be granted for partial units of competency.

An application for RPL must be lodged prior to course commencement. ***We recommend lodging an RPL application form at least 8 weeks before the commencement of a course.*** An invitation to attend an interview with an RPL assessor will be issued to ascertain the evidence requirements to progress an RPL application.

There is an RPL application fee of \$800 which includes the initial interview (*this is non-refundable, regardless of whether you are successful or unsuccessful in your application*). There is a \$750 fee per unit of competency – this covers our assessment of the evidence and identification of any gaps where further training or assessment may be required. Extra training or assessment would incur further charges if completed by Adept Training. If the student does not supply sufficient evidence, there is a \$200 fee per unit for reassessment.

Note that this is a self-directed assessment process where the applicant is asked to provide evidence that they can successfully achieve competency in each of the units. Adept Training make no guarantee that trainees will receive the full qualification through RPL.

To apply for RPL please download the RPL application form for your course from our website, complete and lodge with your payment and enrolment to arrange an RPL interview.

A student who have completed a qualification/s overseas may not qualify for RPL, as the Australian Qualification Framework that our accredited courses operate under may involve different learning outcomes.

Adept Training is not obliged to issue a qualification or statement of attainment that are achieved wholly through recognition of units and/ or modules completed at another RTO or RTOs.

Assessment Processes

At the commencement of your course with Adept Training, your trainer will explain the assessment process. Adept Training follows the assessment guidelines as set out by the AQTF and in accordance with the relevant training package to ensure assessments are reliable, flexible, fair and valid.

A variety of methods are utilised to assess students' competency. These include but are not limited to:

- written assessments
- verbal assessments
- case study assessments.
- research/project/homework tasks
- workplace/simulated observation and demonstration assessments
- workplace diaries
- third party reports

Each task is assessed as **Satisfactory** or **Unsatisfactory**.

If a student is assessed as **“Unsatisfactory”** in any assessment task, the student will be given an opportunity to re-submit, the unit of competence is deemed as **“Not Yet Competent”** - until all assessment tasks have been deemed **“Satisfactory”**

A student must achieve a **“Satisfactory”** result for all assessment tasks that make up the assessment method for each specific unit of competency, to enable a student to be deemed **“Competent”** in a unit of competence.

To be awarded a qualification – the student must be deemed **“Competent”** – in all units of competency that make up the qualification.

If a student withdraws without completing all units of competency or is deemed unsatisfactory in some units of competency, they will receive a Statement of Attainment for any units that have been deemed competent.

A student may need to undertake additional assessment tasks, undertake more training before being assessed again.

Please note that more than one assessor may be involved in the marking of student assessments.

Assessment Submissions

Adept Training students MUST follow the assessment timetable. If an assessment submission is 30 days or more overdue, the course enrolment will be cancelled.

Work Placement Requirements

Depending on what qualification the student has enrolled in, you may be required to participate in compulsory work placement as outlined in the relevant Training Package Guidelines. To achieve the relevant qualification, the student/s must have successfully completed the appropriate hours of work as detailed in the Assessment Requirements of the unit/s of competency of the respective qualification.

Students are required to have paid in full and completed all assessments (including distance assessments) before they are eligible to attend work experience. Contact Adept Training Administration office for further details. Assessment tasks are designed to evaluate evidence that a student can demonstrate competency in all relevant subject competencies.

Adept Training makes every effort to find suitable workplaces; however this is not guaranteed, a student may be required to find a suitable workplace. Locations and date for work placement are at the discretion of the host organisation and places are limited.

Assessment appeals

All appeals should be in the first instance be discussed with your trainer to allow you to see if it is possible to be re-assessed. Further information on assessment appeals is available under the heading Complaints, grievances and appeals in this document.

Competency Based-Training and Assessment

All assessments completed by Adept Training align with the following rules of assessment:

- **Fairness** – assessment procedures will be fair, so as not to disadvantage and learners
- **Flexibility** – a range of assessment methods are used, and reasonable adjustment is available, if required
- **Validity** – Assessment methods will be valid; they will assess the skills and knowledge as stated in the training package.
- **Reliability** – Assessment procedures must be reliable, that is, they must result in consistent interpretation of evidence from the learner and from context to context.

Assessment procedures will:

- be equitable, culturally and linguistically appropriate.
- involve procedures in which criteria for judging performance are made clear to all participants,
- employ a participatory approach.
- provide for students to undertake assessments at appropriate times and where required in appropriate locations.

Reasonable adjustments may include the use of an alternative method of assessments and support such as scribing, verbal assessment and/or individual assessment conditions such as additional time in the assessment period.

A student must inform Adept Training of the nature of their disability at the time of enrolment to ensure that suitable adjustments may be made. For more information about the assistance and support available for a student with a disability, please contact Adept on 1300 366 044.

Certification

Certification will only be issued when a student has achieved competency in **all** elements/ performance outcome requirements for a unit of competency.

If deemed 'Not yet competent', a student may provide additional evidence of competency. Opportunities are given to students throughout the delivery of a course to be reassessed as they progress.

Should a student not reach competency for one or several of the units by the end of the course a student may be asked to attend a re-assessment workshop or attend another day training.

Re-assessment is an opportunity for a student to demonstrate that they have gained the required skills and knowledge against the set criteria and can then be awarded the relevant qualification or unit of competence.

A \$200 re-assessment fee applies.

Accredited qualifications are made up of units of competency. The following may be issued:

- A Statement of Attainment is issued for units of competency completed where all units in a qualification have NOT been successfully completed e.g. a trainee withdrew from training.
- A Certificate is issued when all units of competency that make up a qualification have been successfully completed.

Qualifications and/or Statements of Attainment may take up to 30 days to be issued from the last unit of competency has been deemed "Competent".

Please do not contact Adept Training requesting a certificate or statement of attainment prior to this date.

Students should follow the assessment timetable. If an assessment submitted for marking is 30 days overdue, the course enrolment may be cancelled.

Reasonable adjustments

Reasonable adjustment - means adjustments that can be made to the way in which evidence of candidate performance can be collected. Whilst reasonable adjustments can be made in terms of the way in which evidence of performance is gathered, the evidence criteria for making competent/ not yet competent decisions (and/ or awarding grades) should not be altered in any way. That is, the standards expected should be the same irrespective of the group and/or individual being assessed; otherwise, comparability of standards will be compromised.

Reasonable adjustments will be provided for individuals with a disability according to the nature of the disability. Adept recognises the definition of disability as outlined in the *Disability Discrimination Act 1992*, specifically:

- a physical impairment including physical disfigurement chronic pain and back injury.
- an intellectual impairment
- a mental health condition.

- a medical condition that may include asthma, epilepsy, diabetes or heart condition.

Reasonable adjustments may include individual assessment and advice, the use of alternative method of assessments and examination support such as verbal assessment and /or individual assessment conditions such as additional time in the examination period.

Individuals should inform Adept Training of the nature of their disability at the time of enrolment so that suitable adjustments may be made. For more information about the assistance and support available for students with a disability, please contact Adept Training on **1300 366 044**.

Please allow 3 months access to allow Adept Training's Administration Team sufficient time to process this part of your enrolment.

All USI record information accessed by Adept Training is subject to the privacy, confidentiality and data protection clauses in the Adept Training and Smart and Skilled enrolment form.
